

SHOPFITTING MENU

COAST-TO-COAST

Since 1998 SHOPFIT has provided 1,000's of millwork, fixture, display, visual merchandising, and vendor shop-in-shop installation services. We coordinate installs with precalls to help clients with timely delivery/labour match-ups within retail environments. Available throughout North America!

PROJECT MANAGEMENT

We project manage every aspect of your job. From reporting on client arranged delivery status, to live updates during installation of a complete program. We provide all reporting with exacting accuracy for all projects.

LONG TERM CARE

Scheduled and ongoing programs to support your assessment, maintenance, and repair requirements. Our teams will initiate repair calls on a prescheduled timeline, or as needed to support emergency calls, when and where requested.

OUR TEAM

Dedicated project managers.
Personal account representatives.
National network of installers, service and repair technicians.
Installation services – 24 /7/365.

READY TO WORK WITH YOU

By leveraging SHOPFIT's warehousing, transportation and labour networks, clients can maximize SHOPFIT's decisive advantage by offering a one-stop solution to their retail fixture and millwork customers, North America-wide!

Planning a Launch or Reset? Please contact us, we are ready to help.

ROLL OUTS

Through a specialized network of carpenter services we provide multi-store roll outs of uncrated, oversized, and awkward fixtures from glass to metal, providing real time status updates.

FIXTURE INSTALLATION

Nationwide network of qualified installers for set up and installation of millwork, displays & fixtures. We will provide field verification services and videos and photographs of completed installations. We will remove and dispose of old fixtures.

PORT TO STORE

Upon receiving customs cleared containers on site we can deconsolidate and inventory the product, then unpack and assemble knocked down furniture and install based on program instructions.

SERVICE & MAINTENANCE

Our North American network of local qualified trades, provides a national solution for all your service and maintenance requirements for kiosks, displays, vendor shops, and graphic programs.

PROJECT MANAGEMENT

SHOPFIT trains in-house specialists to your program's standards to minimize mistakes. We provide field verification services and digital photographs of completed installations.
